

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. ## NAMES ON YACHTS.

---

*(Extract from the notice recently sent out by the Commissioner of Navigation.)*

---

“Vessels used exclusively for pleasure — in other words, documented yachts — shall have their names and ports . . . placed on some conspicuous part of their hulls. The letters may be painted, gilded, or carved. If carved, block, or metallic letters are used, they must . . . be so painted or gilded as to be in a dark color on a light ground, or be in a light color on a dark ground. Steam yachts will be obliged to have the name in distinct, plain letters of not less than six inches in length on each outer side of the pilot-house. The Custom House is now prepared to document yachts, as required by law; and all vessels of five tons or over, unless documented, will be subject to the penalty named in the Revised Statutes — a fine of \$30 — at every port of arrival without a license.”

*Second Class.* — Yachts, 25 feet and less than 30 feet water-line length.

*Third Class.* — Yachts, 21 feet and less than 25 feet water-line length.

*Fourth Class.* — Centre-board jib and mainsail yachts, less than 21 feet water-line length.

*Sixth Class.* — Centre-board yachts less than 18 feet water-line length, and not included in fourth class.

Schooners to sail at four fifths of actual measurements; yawls at seven eighths. There will be no distinction between centre-boards and keels in the *special, first, and second* classes.

#### TIME ALLOWANCE.

Time allowance in all classes will be based on sailing length.

#### SAILING LENGTH.

Sailing length is length on water line, plus one fifth of the after overhang.

#### SAILS.

In the special, first, second, and third classes there will be no restrictions in regard to sails. In all other classes, schooners may carry jib, forestaysail, foresail, and main-

sail; sloops may carry jib, forestay sail, and mainsail; cat-rigs may carry mainsail; yawls, the same as sloops, and mizzensail.

#### PRIZES.

A championship prize will be awarded in each class to the yacht winning two races in her series.

In any class in which only one yacht starts, fifty per cent of the first prize offered will be awarded. No second prize will be awarded in any class unless three or more yachts start, and no third prize unless four or more start.

To encourage *Corinthian* sailing, a prize of five dollars will be awarded to the winning yacht in the third, fourth, fifth, and sixth classes, if entered and sailed under the *Corinthian rule*.

#### STARTS.

Should any gun miss fire, the lowering of the *blue flag* will be the signal to start.

The time of all yachts will be taken from the starting signal of their class, and no allowance will be made for yachts starting later.

If any yacht, or any part of her hull or spars, be on or across the line when the signal for her class to start is given, she must return and recross the line, keeping clear of all competitors.

Should the first signal be delayed, the regular intervals will be observed between the other signals.

## ENTRIES.

Any yacht enrolled in the Club may be entered for the entire season's racing by the filing of a written entry with the secretary of the Regatta Committee; but no entry will be accepted until the yacht's official measurement has been recorded with the Club Secretary; and a certificate to that effect must accompany the entry.

## NUMBERS.

Yacht owners, intending to participate in racing, will be supplied with official numbers upon application to the secretary of the Regatta Committee. These numbers are to be preserved for use in all Club races, and must be distinctly shown at the finish of each race. Failure to comply with this rule *may* result in a yacht's time not being taken.

## OUTRIGGERS.

Outriggers shall not be used for the purpose of trimming a boat by means of crew or ballast.

## CREW.

*(From Sailing Regulations.)*

Yachts contending for prizes may carry one man for each four feet of length on water line, and fractional part thereof.

## FITTINGS AND BALLAST.

*(From Sailing Regulations.)*

No water shall be started from or taken into the tanks after the signal to start has been given. Only the usual anchors and chains shall be carried during a race, and they must not be used as shifting ballast, or for altering the trim of the yacht. Ballast shall not be shifted or trimmed in any way during a race.

## BOATS AND LIFE-BUOYS.

*(From Sailing Regulations.)*

During a race, every yacht measuring more than forty feet water line shall carry a serviceable boat, not less than ten feet in length. This boat shall not be carried below deck.

During a race, yachts of twenty-five feet or more water line shall carry two serviceable life-buoys, and yachts of less than twenty-five feet water line shall carry one serviceable life-buoy, ready for immediate use, within easy reach of the helmsman.

Any yacht not complying with this rule will be liable to forfeit all claim to a prize.

For further rules, see *Sailing Regulations*.

Any member thus suspended shall have the right, within one month thereafter, to appeal to the Club at a special meeting, which shall be called for such purpose, and the Club, by a two-thirds vote of the members present, may reverse the action of the committee, and restore the appellant to membership; but until such reversal, he shall not be entitled to any rights or privileges of membership.

# SAILING REGULATIONS.

---

## *1. Management of Races.*

All races and yachts sailing therein shall be under the direction of the Regatta Committee, or of judges appointed by them. All matters shall be subject to their approval and control; and all doubts, questions, and disputes which may arise shall be subject to their decision. Their decisions shall be based upon these rules, so far as they will apply, but as no rules can be devised capable of meeting every incident and accident of sailing, they should keep in view the ordinary customs of the sea, and discourage all attempts to win a race by other means than fair sailing and superior speed and skill.

Their decisions shall be final.

The chairman of the judges shall report the results of each regatta, within five days thereafter, to the Regatta Committee, and cause a copy of the same to be posted in the Club House.

## *2. Measurement.*

Before any yacht can be entered for a Club regatta she shall be measured by the Club Measurer, and such measurement shall stand for the season, unless a new one

is required by the judges, upon evidence showing that such new measurement is necessary.

Owners desiring to have their yachts measured shall give notice in writing to the Measurer, specifying when and where their yachts may be measured, such time to be not less than twenty-four hours after the delivery of such notice, and at such place in Boston Harbor, or vicinity, as may be convenient to the Measurer.

The Measurer shall receive for measuring yachts enrolled in the Club his necessary travelling expenses, and fees as follows: For yachts 38 feet and over sailing length, \$3.00; for yachts 26 and less then 38 feet sailing length, \$2.00; for yachts under 26 feet sailing length, \$1.00.

### 3. *Entries.*

Entries for all Club regattas shall be made in writing to the chairman or secretary of the Regatta Committee, or to the judges, prior to the firing of the preparatory gun for any race, and if the yacht is entered under the Corinthian Rules, shall so state. No yacht shall be entered for a Club regatta unless her ownership, rig, and official measurement are on record with the Club Secretary, and all Club dues of her owner paid.

If a member shall own an interest in more than one yacht, only one of such yachts shall be entered for the same prize.

A member's purchase of a partial interest in a yacht not already enrolled in the Club, shall not entitle such

yacht to entry in a Club regatta until such ownership shall have been recorded with the Secretary for at least thirty days.

If a yacht has no competitor in her own class, she may enter, at her usual rating, the next higher class in which there may be a starting yacht.

Any yacht duly entered for Club regattas shall be eligible to start in a postponed race.

#### *4. Corinthian Rules.*

All yachts entered for a race for Corinthian prizes shall be sailed by the owner only (who must be a member of this Club). The names of all persons to sail in any yacht under this rule, who are not members of this Club, must be sent to the Regatta Committee at least one day previous to the race, and shall be subject to their approval.

No person who has ever sailed a yacht, or in a yacht, for hire, shall sail in any yacht under this rule.

This rule applies only to yachts of the third, fourth, fifth, and sixth classes.

#### *5. Prizes.*

No second prize will be awarded in any class unless three yachts in that class start, except in the case of a postponed race, where the requisite number shall have originally started in the class in question. No prize will be awarded any yacht failing to make the race within the limit of time.

#### 6. *Classification, Courses, and Sails.*

Classification, courses, sails to be carried, manner of starting, and limit of time shall be designated by the Regatta Committee in their circulars for each race.

Every yacht sailing in a Club regatta is requested to carry her private signal at the main peak. A racing flag *must* be carried by all yachts in some prominent place. Any yacht not complying with this rule, unless excused by the judges, shall forfeit all claim to a prize.

The racing flag shall be square, with blue ground and white star in centre, the size of star to be one third the length of the flag. For yachts under 22 feet, deck length, this flag shall be 12 inches square; 22 feet and under 38 feet, 18 inches square; 38 feet and over, 22 inches square.

If a yacht withdraws from a race, the racing flag should be at once taken down.

#### 7. *Crew.*

Yachts contending for prizes may carry one man for each four feet of length on water line, and fractional part thereof.

#### 8. *Fittings and Ballast.*

No water shall be started from or taken into the tanks after the signal to start has been given. Only the usual anchors and chains shall be carried during a race, and they must not be used as shifting ballast, or for altering

the trim of the yacht. Ballast shall not be shifted or trimmed in any way during a race.

9. *Boats and Life-Buoys.*

During a race, every yacht measuring more than 40 feet water line shall carry a serviceable boat, not less than ten feet in length. This boat shall not be carried below deck.

During a race, yachts of 25 feet or more water line shall carry two serviceable life-buoys, and yachts of less than 25 feet water line shall carry one serviceable life-buoy, ready for immediate use, within easy reach of the helmsman.

Any yacht not complying with this rule will be liable to forfeit all claim to a prize.

10. *Right of Way.*

(1.) When one yacht is approaching another yacht, so as to involve risk of fouling, one of them shall keep clear of the other as follows: —

ON DIFFERENT POINTS OF SAILING.

(2.) A yacht free shall keep clear of one close-hauled.

ON SAME POINT OF SAILING, WITH WIND ON OPPOSITE SIDE.

(3.) When both yachts are close-hauled or both free, or both have the wind aft, and have the wind on oppo-

site sides, the yacht with the wind on the port side shall keep clear.

ON SAME POINT OF SAILING, WITH WIND ON SAME SIDE.

(4.) When both yachts are free, or both have the wind aft, and have the wind on the same side, the yacht to windward shall keep clear.

WIND AFT.

(5.) A yacht with the wind aft is deemed to have the wind on the side opposite to that on which she is carrying her main boom.

WIND AFT.

(6.) A yacht with the wind aft shall keep clear of a yacht on any other point of sailing.

OVERTAKING.

(7.) An overtaking yacht shall, so long as an overlap exists, *except as provided in Section 10 of this article*, keep clear of the yacht which is being overtaken.

DEFINITION OF OVERLAP.

(8.) An overlap is established when an overtaking yacht has no longer a free choice on which side she will pass, and continues to exist so long as the leeward yacht by luffing, or the weather yacht by bearing away, is in danger of fouling.

## ALTERING COURSE.

(9.) When, of two yachts, one is obliged to keep clear, the other shall not so alter her course as to involve risk of fouling.

## LUFFING.

(10.) A yacht may luff as she pleases, in order to prevent another from passing her to windward, provided she begins to luff before an overlap has been established.

## BEARING AWAY.

(11.) A yacht shall not bear away out of her course so as to hinder another in passing to leeward.

## RIGHTS OF NEW COURSES.

(12.) A yacht shall not become entitled to her rights on a new course until she has filled away.

## CONVERGING CLOSE-HAULED.

(13.) When two yachts, both close-hauled on the same tack, are converging by reason of the leeward yacht holding a better wind, and neither can claim the rights of a yacht being overtaken, then the yacht to leeward shall keep clear.

## PASSING AND ROUNDING MARKS.

(14.) If an overlap exists between two yachts when both of them, without tacking, are about to pass a mark

on a required side, then the outside yacht must give the inside yacht room to pass clear of the mark. A yacht shall not, however, be justified in attempting to establish an overlap, and thus force a passage between another yacht and the mark, after the latter yacht has altered her helm for the purpose of rounding.

#### DEFINITION OF MARK.

(15.) A mark is any vessel, boat, buoy, or other object used to indicate the course, and does not in the preceding section involve any question of sea-room.

#### OBSTRUCTION TO SEA-ROOM.

(16.) When a yacht is in danger of running aground, or of touching a pier, rock, or other obstruction, and cannot go clear by altering her course, without fouling another yacht, then this latter shall, on being hailed by the former, at once give room; and in case one yacht is forced to tack or to bear away in order to give room, the other shall also tack, or bear away, as the case may be, at as near the same time as is possible without danger of fouling.

#### *II. Fouling.*

Each yacht must fairly round the course, and must not touch any buoy, boat, or vessel used to mark it out, but shall not be disqualified if wrongfully compelled to do so by another yacht. If a yacht, in consequence of her neglect of any of these rules, shall foul another, or com-

pel other yachts to foul, she shall forfeit all claims to the prize, and shall pay all damages.

*12. Means of Propulsion.*

No means of propulsion except sails shall be allowed.

*13. Sounding.*

Nothing but a hand-line and lead shall be used for sounding during a race.

*14. Anchoring, etc.*

No yacht shall, after the preparatory gun in her class has been fired and during a race, make fast to any buoy, stage, pier, vessel, or other object, or send an anchor out in a boat, except for purposes specified in Rule 15.

Yachts may anchor during a race without forfeiting claim to a prize, but must weigh anchor again on starting.

*15. Running Aground, etc.*

A yacht running aground, or fouling a buoy, vessel, or other obstruction, may use her own anchors, boats, warps, etc., to get off, but may not receive any assistance, except from the crew of the vessel fouled.

Any anchor, boat, or warp so used must be taken on board again before continuing the race.

*16. Side Lights.*

All yachts sailing in a race at night should observe the instructions of the Secretary of the Treasury as to carrying side lights.

*17. Man Overboard.*

In case of the capsizing of a yacht, or of a man falling overboard, all yachts in a position to do so should use their utmost endeavors to render assistance; and if it shall appear that any yacht was thereby prevented from winning the race, the committee shall have power to have it re-sailed between any yacht or yachts so prevented and the actual winner.

*18. Numbers and Showing.*

A number shall be furnished each yacht enrolled in the Club, which will be the official number of the yacht. This number must be shown in a prominent position to the judges on crossing the line at the start and finish of every race.

*19. Protests.*

Protests must be made in writing within one hour after the conclusion of the race, and all such protests shall be considered by the judges.

They shall also, without a protest, disqualify any yacht, should they be satisfied that she has committed a breach

of these rules; provided, however, that the owner of such yacht shall have been given an opportunity to be heard.

*20. Penalties.*

Should a breach or infringement of any of these rules, except as provided in Rules 6 and 9, be proved against any yacht, the owner thereof shall forfeit his right to any prize, and may be disqualified by the Regatta Committee, for such time as they think proper, from sailing his yacht in any race of the Club; and should a breach of these rules be proved against any sailing master, he may be disqualified by the Regatta Committee, for such time as they think proper, from sailing in any race of the Club.

*21. Allowances.*

Allowances shall be figured according to the Herreshoff table contained in this book.

*22. Sailing Length.*

The sailing length shall be the length on the water line, with one fifth of the after overhang added.

*23. Yachts Let or Hired.*

Any yacht which may be let or hired, unless to a member of the Club, shall be debarred all rights and privileges of the Club during the time in which she may be so let or hired.

Any member hiring a yacht for the season shall be entitled to all the privileges of a yacht-owning member, but shall not be entitled to vote upon questions directly affecting sailing regulations.

*24. Amendments.*

These regulations may be amended by a two-thirds vote at any meeting of the Club; provided, however, that the notice of such meeting shall have contained the proposed amendment in full.
